Associates III Named One of the Top 30 Interior Design Firms in the World

Andrew Martin Names Associates III as One of the Premiere Interior Design Firms Globally

(Denver, CO) March, 2008 – Associates III Interior Design has been chosen as one of the top 30 interior design firms in the world by Andrew Martin International Design Award's distinguished judging panel for the fifth time in eight years. Labeled by the Times as "the Oscars for the interior design world," Andrew Martin International receives thousands of entries from around the globe.

"Being a part of this elite group of 30 designers is both gratifying and humbling." says Kari Foster, principal designer and owner of Associates III. "We all tend to quietly go about our day-to-day business, this gives us the opportunity to step outside of our own realm of design and to view our work as it is recognized by our peers. It is a truly amazing experience."

To showcase their selected designers, Andrew Martin publishes a full-color large format coffee table book that will be an excellent and diverse showcase of International Interior Design from over 25 countries. With only one large print run, Volume 12 will be available for purchase this July/August.
